And one more comment from Kathy I want your input on:

I wanted to run by R4 and

ESA experts before adding to this paper. Welcome your thoughts.

Thanks!

Thanks, Brian.

And one question to pass along from Alexis on subpara. (a) below, which came from R4. Subpara. (b) was from OGC.

The current draft of the paper reads as follows:

Ex. 5 Deliberative Process (DP)

R4, can you please explain how F FWC can make that determination? Thank you!

I just spoke to Simma and here is the plan for moving the ESA briefing paper forward. John Goodin has it now and she is waiting on comments from him (he goes on vacation tomorrow, so it will be today). She will then make and changes, recirculate it, and then the plan is to give it Matt Leopold. After he agrees he will share with David Ross. It will be up to us (Mary) to share with Trey at that time.

Simma and I also discussed drafting MOA formatted language based on our recommended position in the briefing paper so Matt and others could see how it would look in the MOA. I spoke to Tom and he is going to ask Rosemary to take a stab at it.
